## EVERYTHING YOU NEED TO TAKE ON ANY COURSE.

From high performance motorcycles to wave slicing watercraft, Yamaha has a long proven history of success.

From practical design to definitive performance, Yamaha golf cars are following down the same path. So take a test drive and you too will see how Yamaha is winning customers over all the way from the house to the clubhouse.

### LARGEST, MOST COMFORTABLE SEAT IN THE INDUSTRY

Deep, supportive contours provide unmatched comfort. The widest seat in the industry is designed to accommodate occupants of different heights and sizes. It's made of pure, supple foam bonded to a seamless, durable vinyl backed cover and its polypropylene seat base won't sag, rot or warp despite daily abuse and repeated washings.

### HYBRICORE™ CHASSIS

To build something right, start with a solid base. It's why we mated an automotive, ladder-style, 100% robotically welded steel frame, protected by a multi-step paint process, to a polypropylene structural floor.

### AUTOMOTIVE STYLE DASH

With four cup holders; a center storage area for wallets, cell phones, and personal items; six ball holders; six tee holders; and big, easy-to-clean storage compartments on each side, you may accidentally drive it home.

### CLIMAGUARD TOP™ WITH DUAL GUTTERS

This top comes with a 360° double rain channel, clogproof downspouts and a wider, longer coverage area. You will stay dry. Keeping your ball dry is still up to you.

### YAMAHA BUILT 357F GASOLINE ENGINE

There's a reason why we're the only golf car manufacturer that builds their own engine. Our quiet, low emission, 357 cc power plant produces 11.4 horsepower. The industry's most fuel efficient engine with mileage as much as 30% better than the competition. It's designed to be green and save you some green too.

### ENDURADIVE™ TRANSAXLE WITH INTERNAL DISC BRAKE TECHNOLOGY

Inspired by the Yamaha ATV, the internal wet disc brake eliminates the need for brake drums and shoes on the rear wheels which means you'll have longer brake life and less maintenance.
